

Principles of Applied Engineering

The work you show on paper is how it sticks. Paste this in your notebook.

DAILY

How this class runs

- 1 Grab your **assigned laptop**
- 2 **Sign in** to today's program
- 3 **Start work** — pick up where you left off
- 4 **Wait for instruction** when I call the class

PHONES

Up at the **start, every day** — like the movies. I'll ask **once**, then an email home, then a parent + admin meeting.

TUTORING & NOT FAILING

Fail a test → **one week of mandatory tutoring** on tutoring days. Seats are assigned. It keeps you from failing.

QUALITY OF WORK

- ✓ Finish your work **on your own**.
- ✓ Classwork done **in class**, the day it's assigned.
- ✓ On **THIS** class — no other classes.
- ✓ **No AI in class or on tests.**

NOT ACCEPTED

- ✗ Yelling, fighting, touching others
- ✗ Eating, cussing, out of uniform
- ✗ Not turning in / not working
- ✗ No-showing tutoring; daily restroom

CORE 4

Respect

Responsibility

Quality of Work

Quality of Self

BRING EVERY DAY

- ✓ Pen/pencil
- ✓ Composition notebook
- ✓ Colored pencils
- ✓ Glue stick
- ✓ Scissors
- ✓ A mouse

iPads are for class work. First time I see texting, it goes away — and it doesn't come back out.
